## Professional Summary

Dedicated and skilled Web Developer with a strong foundation in HTML, CSS, JavaScript, and React. Experienced in collaborating with cross-functional teams to deliver responsive and engaging web applications. Proven track record of developing practical learning projects and contributing to projects remotely. Backed by a diverse professional background, including successful CDL truck driving and financial analysis roles.

## EXPERIENCE

### -Learner To Professional - React Collab Project (remote) Program Collaborator

July 2023-PRESENT

Implemented an e-commerce website using agile methodologies (SCRUM), showcasing expertise in technologies like React, React Router Dom, React Query, and Material-UI.

Integrated a secure user authentication system and user-specific permissions to ensure a seamless login experience and controlled access.

Designed and developed a user-friendly shopping cart feature for efficient online shopping.

Consumed data from external APIs, demonstrating proficiency in RESTful API integration, and leveraged Firebase for data storage and management.

Utilized modern tools such as VSCode, Slack, Trello, and GitHub for efficient team collaboration and version control.

Translated learned skills from bootcamps into practical applications, preparing for the transition into a professional work environment.

Employed ES6 JavaScript, HTML, and CSS to create a visually appealing and responsive front-end design.

Leveraged CI/CD practices using GitHub Actions for continuous integration and deployment.

Gained hands-on experience in real-world project management and teamwork, adhering to industry best practices.

### -Company driver - OTR CDL driver - Chicago, IL
